

Leghigh Hanson Case Study

Equipment:
100 ton Crane
50 ton Crane
Fixed & Hanging Man Basket

Assisted SIFI Engineering and Fabrication with the installation of new structural steel, including new walkways and reinforcing pieces for the existing structure. Assisted with installation of a new piping system from the milling plant to the storage silos.

Provided hanging and fixed man-basket for the installation of anchors and supports that would have otherwise been unreachable.

Provided Quick-Disconnect to make the release of rigging safer and more efficient.
